YG-1 DRILL RECONDITIONING SERVICES

*The smart way
to stretch
your tooling costs.*

YG-1 Reconditioning: Work Sharp.

Simple. Easy. Effective.

Reducing tooling costs includes a great reconditioning program. YG-1 takes the hassle out of reconditioning by providing a program that is simple, easy and effective to use. Ship your dull drills to YG-1 and we will take it from there. Have dull drills that are not YG-1? Ship those too, and we will provide the same high-quality reconditioning service as we do for our own product.

Our Commitment.

We stand by our reconditioning program with a 100% satisfaction guarantee. YG-1 is your committed partner to keeping costs in check with world-class new and reconditioned tools. We value your business, and YG-1 will make every reasonable effort to maintain your complete satisfaction.

STANDARD SERVICE

Turnaround time:
Three to four weeks from date of receipt

YG-1 will:

- ▶ Sort, inspect and clean your dull drills to be sure they can be reconditioned
- ▶ Recondition your dull drills to YG-1 factory specifications
- ▶ Package and ship your reconditioned and scrap drills back to you

EXPRESS SERVICE

Turnaround time:
Two weeks from date of receipt

- ▶ Send your drills sorted and bundled by part number, making sure each one is cleared of any debris or buildup
- ▶ Upon receipt, we will recondition your dull drills to YG-1 factory specifications
- ▶ When complete, we'll package and ship your reconditioned and scrap drills back to you

SHIPPING INFORMATION

Carbide drills must be shipped in plastic tubes to avoid tool damage during shipping that may prevent reconditioning. Contact YG-1 for a reusable container (below) to ship your tools to our reconditioning center.

Ship to:
YG-1 Reconditioning Center
2000 Progress Drive
Farmington, MO 63640 U.S.A.

100% Transparent Pricing; No Hidden Fees.
