ENGINEERED SHAPED  
CERAMIC GRAIN

R990S CLOTH QUICK-CHANGE DISCS

See, and feel, the difference with Norton RazorStar cloth quick-change discs, featuring new engineered shaped ceramic grain technology for the best cutting performance in the industry. Designed for medium to high pressure metal removal in the toughest grinding applications, Norton RazorStar quick-change discs feature 100% engineered shaped grain which cuts through metal with unbeatable speed. Norton RazorStar quick-change discs are setting a new standard in grinding productivity, speed and life.

FEATURES & BENEFITS

- Norton RazorStar quick-change discs with engineered shaped ceramic grain are a breakthrough technology specifically designed to deliver unbeatable grinding performance
- The unique combination of razor-sharp grain along with supersized grinding aid helps to significantly reduce heat generation for cooler cuts and longer life on all materials
- Strong polyester backing stands up to even the most extreme pressure you put on it
