

VARIABLE INDEX END MILLS

BASSETT™

INTRODUCING THREE NEW PRODUCTS

- MSE-V-4R 4-Flute Variable Index End Mills**
- MSE-V-4B 4-Flute Variable Index Ball Nose End Mills**
- MSE-V2-5R 5-Flute V2 Variable Index End Mills with improved geometry for better performance**

Rely on Bassett MSE-V Series end mills for your most demanding jobs in stainless steel, hardened steel and high temperature alloys.

- Unequal flute space minimizes harmonics
- Corner radius on square end mills reduces chipping on the tools' outer corners by eliminating sharp corners at the intersection of side and bottom surfaces
- Five-flute tool ideal for both roughing and finishing operations
- Constructed of premium sub-micron carbide substrate
- Bright finish or TiAlN-coated from stock for enhanced performance and longer tool life
- h6 shank diameter tolerance
- Ideal for slotting, contouring, or profiling in ferrous materials
- Square end mills available in multiple lengths for various applications

TiAlN-COATED END MILLS

BASSETT™

**NOW AVAILABLE IN
STANDARD STOCK**

IMPROVE PERFORMANCE NOW!

TiAlN-coated tools are now offered for most Bassett end mills *standard from stock*.

- For use in tough-to-mill applications including hardened steel and high temperature alloys
- TiAlN coating ensures a smooth finish and increased tool life

TiAlN coating is now offered as a standard feature on all sizes of the following styles of end mills:

HPDEM-5	High-Performance, Double End, 5-Flute, Square End
HPEM-3	High-Performance, Single End, 3-Flute, Square End
HPEM-5	High-Performance, Single End, 5-Flute, Square End
HPEM-6	High-Performance, Single End, 6-Flute, Square End
MRS	High-Performance Rougher, Single End, Multi-Flute, Square End
MDE-2, MDE-2B	General-Purpose, Double End, 2-Flute, Square End and Ball Nose
MDE-4, MDE-4B	General-Purpose, Double End, 4-Flute, Square End and Ball Nose
MSE-2, MSE-2B	General-Purpose, Single End, 2-Flute, Square End and Ball Nose
MSE-3	General-Purpose, Single End, 3-Flute, Square End
MSE-4, MSE-4B	General-Purpose, Single End, 4-Flute, Square End and Ball Nose
MSEST-2	General-Purpose, Single End, Straight Flute, 2-Flute
