

Our Comany

As a global leader in manufacturing metal cutting tools, we connect with partners and suppliers to deliver reliable solutions worldwide. With enhanced distribution centers, we serve over 100 markets, ensuring precision tools are available whenever and wherever they're needed.

Industry Segments

- Aerospace
- Oil & Gas
- Auromotive
- Power Generation
- Die & Mold
- Railway

Our Brands

Dormer Pramet, a globally recognized cutting tool manufacturer since 1913, is committed to innovation and quality. In 2024, the company merged its Dormer and Pramet brands into one global brand to simplify and enhance the customer experience, while continuing to offer a wide range of tools for milling, turning, boring, hole-making, and threading. Dormer Pramet serves industries like automotive, aerospace, and rail, providing high-quality, reliable solutions for everything from small workshops to large OEMs and Tier 1 suppliers. The company's extensive portfolio, now streamlined under one brand, ensures consistency and reliability across all cutting needs.

Founded in suburban Chicago in 1952 it's strong portfolio includes stub, jobber, taper length, taper shank, reduced shank drills along with NAS drills for aerospace, burrs and a wide variety of drill sets.

**Certainty
at every turn™**

Product Offering

HOLE-MAKING

- Drills (HSS, cobalt and solid carbide)
- Center drills
- Reamers
- Indexable drills and inserts
- Replaceable head drills

MILLING

- Carbide, HSS & cobalt end mills
- Slot milling
- Indexable mills and inserts
- Copy milling
- Face milling
- High-feed milling
- Square milling
- Profile milling

TURNING

- Internal & external turning
- Scarfing
- Parting & grooving
- Bar peeling
- Broaching
- Wheel turning (railway)

THREADING

- HSS and cobalt taps
- Carbide thread mills
- Drill/tap combos
- Dies and die nuts
- Thread formers
- Indexable threading inserts

SPECIALS

In addition to our standard range we also offer bespoke solutions, from a slight modification of a standard tool to a design-engineered, tailor-made item, all with end-to-end support from enquiry to delivery.

- Contact your local Sales Engineer to discuss and obtain test tools
- Dormer Pramet North America has 30+ Sales Engineers and Manufacturers Representatives covering every province and state. You can find contact information for your local Sales Engineer on our website.

Digital Support

• Library App & Calculator App

Apps available for IOS and Android

• eLearning Courses

20-30 minute courses to give you a better understanding of cutting tools

• Online Knowledge Base

Detailed information and trainings to help you choose the right product

• Full Technical Data

Full technical data located on the product page of our website

• Cutting Conditions

Cutting conditions located on the product page of our website

• Companion Tooling Recommendations

Companion and related part recommendations on the product page of our website

• 2D/3D Downloads

CAD files in .dxf and .stp formats located on the product page of our website

• Product Demonstration Playlists

Available on our YouTube channel

• Product Information Playlists

Available on our YouTube channel

• Machine Tool Tips

Available on our YouTube channel

• Technical Information in Our Digital Catalogs

Additional detailed technical information in our digital catalogs available on our website or on our library app

Operational Processes

• Drop Ship

- * Orders placed by 4pm EST will be shipped SAME DAY. (larger orders may require one additional day for shipment)
