EXCEPTIONAL QUALITY

SAVE MONEY

QUICK TURNAROUND

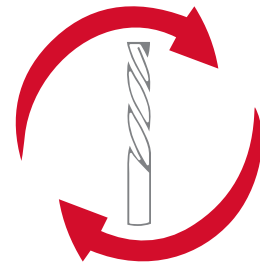

## UNHAPPY WITH INCREASING TUNGSTEN PRICES?

Save money with Fullerton's complete regrind program. Most standard and custom tooling can be reground to like-new condition while maintaining precise geometries, edge preps, and coatings at a fraction of the cost of new tooling.

**FULLERTON**  
REGRIND PROGRAM

# WHY REGRIND?

- Save **30%-50%** with tooling reground to like-new condition.
- Reduce inventory on hand.
- Available for standard and custom tooling.
- Precise geometries and edge preps generate **100%** performance compared to new tooling.
- Custom etching on regrinds ensures operator has correct tooling.
- Recoated in-house with Fullerton premium coatings.
- **Free** 1-3 day returned shipping via USPS.
- Fullerton grinds and finishes applied to tooling, regardless of manufacturer.

\* Tools 1/4" and smaller do not qualify for regrind.
