WHEN THE COOLANT BECOMES A LIQUID TOOL.

WHY AHB IS YOUR COMPLETE FLUIDS SOLUTION PROVIDER

AHB Tooling & Machinery, stocks many different types of machining fluids: synthetic, semi-synthetic, soluble oils, and straight oils (including hydraulic and way oils) for the toughest machining jobs. Most fluids are available in 5, 55 and 270 gallon containers and are in stock for immediate delivery. Our metalworking specialists are continuously trained in recommending, maintaining and troubleshooting the spectrum of fluids we sell.

BENEFITS OF BLASER

Greater Productivity - Long term, stable cutting fluids enable higher speeds, feed and machining rates as well as longer tool life.

Maximum Safety - User-friendly safety ratings result in fewer health-related issues.
