About Macnaught USA

Macnaught USA Inc. is a wholly owned subsidiary of Macnaught Pty Ltd Australia and oversees all business operations in USA, Canada, Mexico, South America, Central America and The Caribbean Basin marketplaces. Established in Tampa FL since 1989, our facility sells and services the Macnaught Flow Meter and Fluid Handling line of products. Our experienced staff strives to provide first class customer and technical service backed with industry-leading product warranties along with large inventories of ready to-ship products. We truly care about the customer relationship – not just the transaction.

About Macnaught PTY

Established in 1948 in Sydney Australia, Macnaught pioneered early fuel, grease and oil transfer equipment in the growing Australian Agriculture, Mining, and General Industry markets. Growing rapidly, Macnaught established contracts with Castrol Oil to provide fluid handling and flow measurement products reaching global markets. Today, Macnaught is recognized as a leading Flow Meter and Fluid Handling innovation organization that drives solution-based products year after year to the Agriculture, Mining, Industrial, MRO and Vehicle Repair markets.
