CHIP HOOK

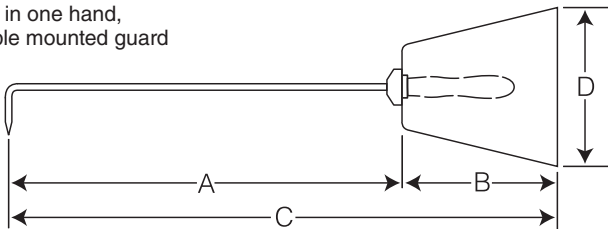

The new design provides a simple, solid method to remove chips from hazardous and hard to reach areas. Second generation chip hook features a large cone which offers protection for the entire hand, single or double-handed handles available. Bright blue color guarantees high visibility and wooden handle ensures a firm grip.

SAFETY! A work related accident can happen very easily. Always use a chip hook to clear away annoying chips and empty the chip trays on your machines.

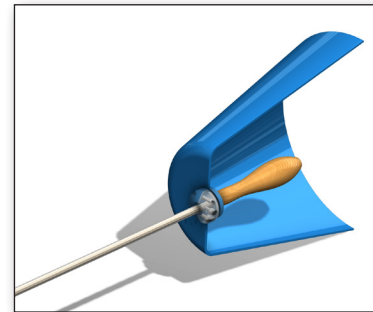

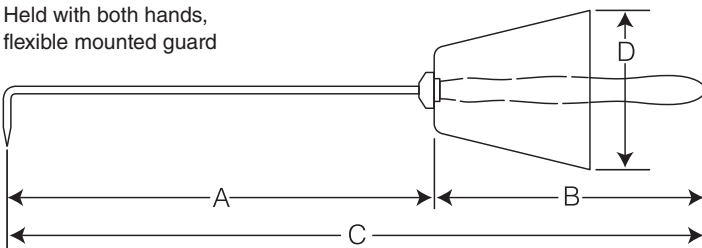

STANDARD LENGTH HANDLE

Held in one hand,
flexible mounted guard

LONG LENGTH HANDLE

Held with both hands,
flexible mounted guard

Part Number	Description	A (metric)	B (metric)	C (metric)	D (metric)	List Price
12060B	Standard handle	15.75 (400)	7.0 (180)	22.5 (570)	7.0 (180)	\$55.90/ea
12070B	Standard handle	20.0 (500)	7.0 (180)	26.0 (670)	7.0 (180)	\$65.65/ea
