BURR KING® ADVANTAGE

MODEL 720 PROBE BELT GRINDER

Standard 72" belt up to 2" wide. Shown with optional variable speed & mag starter

Shown with optional pedestal

The Model 720 presents a unique up front, two wheel, rear drive configuration that quickly accepts contact wheel finishing diameters from 3/8 inches to 3 inches in diameter. The Model 720 is equipped with a reliable and fully adjustable air pressure, belt tension control system. Using 1/2 inch to 2 inch belt width. The Model 720 72 inch belt track delivers long abrasive life coupled with excellent utility. Available in single or Vari speed. See page 13 for accessory arms.

MODEL 720 PROBE BELT GRINDER DELIVERS MORE UTILITY TO BURR KING CUSTOMERS!

- Reach into deep cavities
- Finish the I.D. of tubing
- Work exotic materials with multiple belt speeds from 200 to 5500 SFPM
