

Wall Mounted Smoke, Dust & Fume Extractor

The FRED-ECO offers a simple, affordable, and easy-to-install fume extraction & filtration kit for everyday applications. The 10' flexible capture arm on the Fred ECO is externally articulated, making operator repositioning & maintenance easy.

The kit includes a 120V rotary motor starter that can be conveniently mounted close to the operator's working area. Once properly positioned, smoke, dust, and other airborne contaminants are safely captured before reaching the operator's respiratory zone. For applications where the extraction arm needs to be mounted further away from the blower, the remote mounting kit is a popular option.

The high-efficiency 26" filter collects submicron welding fumes before returning air to the facility. By capturing, cleaning, and recycling contaminated air, the FRED-ECO works as a heat recovery device, helping you keep energy costs down.

Benefits:

- Easy-to-install, easy-to-operate
- · Capture-at-source for Cleaner Air
- Complies with OSHA guidelines for controlling weld fumes

Features:

- 1.5HP TEFC, 1200 CFM blower with a pre-installed bracket
- 26" re-useable cartridge filter (MERV 15)
- 10' x 6" diameter externally articulated extractor arm
- Rotary Starter [120 VAC] with 15' Power Cord included

Options:

- Flexible externally articulated capture arm 6.5', 10', or 13'
- Automatic self-positioning, Fume Tracker[™] capture arm
- 3.0 HP 1800 CFM High-Static Motor [230/460/575V 3PH]
- Extension boom, 5' or 10'
- Spunbond Polyester Filter Cartridge (washable)
- · Hood mounted LED light kit
