

DIVERSITECH
air pollution solutions

TRY BEFORE YOU BUY

How it Works

- Any qualified client is eligible to receive one of our products at their location for a trial period of **2 weeks** before they decide to purchase.
- Diversitech will manufacture the equipment to your specifications and then consign the unit to you for a **no-obligations demonstration** and trial period.
- The customer is obliged to pay the shipping cost of the product from our factory to their location and to return it freight pre-paid if they decide not to purchase.
- Diversitech will cover for the cost of the filters and the cost of production.
- Diversitech's years of application experience ensure that the proper equipment is chosen and offered at the best possible price.
