# Rack Engineering Division

## AHB Tooling & Machinery

*Solving the most unique storage challenges, while providing exceptional quality products with ergonomics and safety in mind.*

# About Us

Rack Engineering Division (RED) specializes in the manufacturing of racking and storage solutions that are **heavy duty** and constructed to endure **high capacities** and tough industrial environments. Rack Engineering Division was originally founded in 1935 in response to an industry need for cost effective solutions to storage and handling problems for raw materials and tooling while helping customers save time and space by optimizing workflow. We continue to solve high-capacity storage challenges with a quality product supported by AHB Tooling & Machinery.

**Product Offering**  
*Rack Engineering Division (RED)*
