

## TRINCO™ MASTER MODEL 60 X 48 SL/BP

Includes two Trinco Model BP Dust Collectors. Designed for intermittent blasting operations. The Dust Collectors vacuums the dust and contamination from the cabinet. Media is recycled from the gun system to the hopper and back to the gun system.

- Ruggedly built of 14 Gauge welded steel
- Double floor - 1/8" Expandex steel plus Carbon screen
- 25 CFM Blast Gun with Tungsten carbide nozzle
- Safety enclosed foot pedal blasting control
- Two ceiling mounted fluorescent lamp boxes for extra bright illumination – High Lumen LED's optional
- Two large 12"x24" safety glass windows with easy change window frames for excellent visibility
- 3/8" Air pressure regulator and gauge
- 1,000 lb. work floor capacity
- Two sets of 8x30 cloth lined Neoprene rubber gloves
- Large right side door - 20" W x 36" H

Inside	Depth	48"
	Width	60"
	Height	36"
Overall	Depth	79" Completely open 82"
	Width	65"
	Height	76"
Door Openings	Two (2)	
	Flip Top	60" x 48"
	Side Door	20" x 36"
Shipping Weight	Approximately 840 Lbs.	

### OPTIONAL ACCESSORIES:

Water Filter  
 Blow Off Gun  
 Auto Power Basket  
 Turntable  
 Spare Parts package  
 Abrasives

## TRINCO™ DRY BLAST APPLICATIONS

The applications of Trinco™ Cabinets are virtually limitless - cleaning, deburring, decorating, deflashing, etching, finishing, honing, peening, etc. All of these uses and more can be accomplished easily with quick sweeps of the gun nozzle. Scale, corrosion, old paint and other surface materials are removed in minutes leaving metal surfaces free of foreign matter and contamination. Even tough mill scale is quickly and efficiently removed.

The usual operating pressure for the Trinco™ Dry Blast Cabinets is 85 PSI. The equipment utilizes a variety of abrasives such as Trin Mixes™, glass beads, aluminum oxide, silicon carbide, nut shells, etc. A multitude of finishes are possible ranging from a micro-finish to a coarse-grade finish depending upon the specific media used. Trinco™ Cabinets can apply the proper abrasive to provide the desired finish for each specific application.
