

THE ORIGINAL QUICK-CHANGE DOVETAILED VISE-JAW SYSTEM

MACHINABLE JAW PROFILE OPTIONS

ALUMINUM JAW PROFILES

STEEL JAW PROFILES

THE CARVESMART ADVANTAGE:

Product Options: Now available in two vise sizes and Cluster Tower configurations.

No More Cap Screws: CARVESMART dovetailed jaws replace time-consuming cap screwed jaws.

Better Clearance: Narrower dovetailed jaws can hold more parts with less material without dodging cap screws.

Jaw Changes Are Fast: CARVESMART dovetailed jaws can be changed in 10 seconds.

Machinable Options: CARVESMART aluminum jaws and 1018 steel jaws are machinable and can save shops a lot of money in machine downtime.

Multiple Jaw Profiles: Extruded aluminum jaw stock—available in 5 profiles—precut lengths and bulk sizes as long as 94 inches for custom-length jaws. 1018 steel jaws and jaw stock—available in 2 profiles, multiple precut lengths and bulk sizing.

CARVESMART VISES

ITEM	PART NO.	BOX QTY	DESCRIPTION
