

OASIS
INSPECTION SYSTEMS

Speed, Accurate, Easy. Measure On.

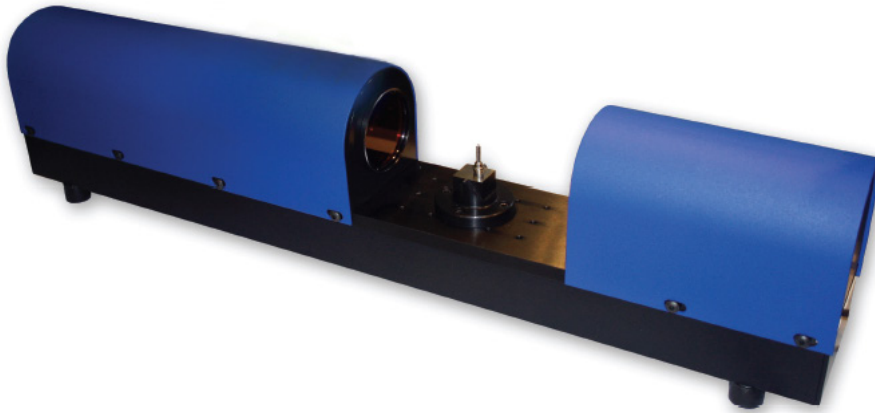

Industry's fastest inspection system!

Reduce measurement time by measuring multiple dimensions instantly & simultaneously.

The OASIS Core

Accurate & precise with fast, easy to use operator interface & the **most advanced, reliable software** in the industry

- Continuous image acquisition
- Instant measurements
- Simultaneous measurement of multiple dimensions
- Accurate to +/- 0.0001 inches
- Precision optics
- User friendly full feature software
- Dimensions saved on the OASIS Core
- Automatic inspection reporting
- Upgradable software
- Light weight

\$19,500 Upgrade to Full Software for \$4,500

OACORE15212024

Field of View: 0.84" x 0.68"

OACORE15212048

Field of View: 1.70" x 1.40"

The OASIS CoreX2

- Larger Field Of View (FOV)
- Accurate to +/- .0002 inches
- Continuous image acquisition
- Simultaneous measurement of multiple dimensions
- Automatic inspection reporting
- User friendly full-feature software

\$36,900

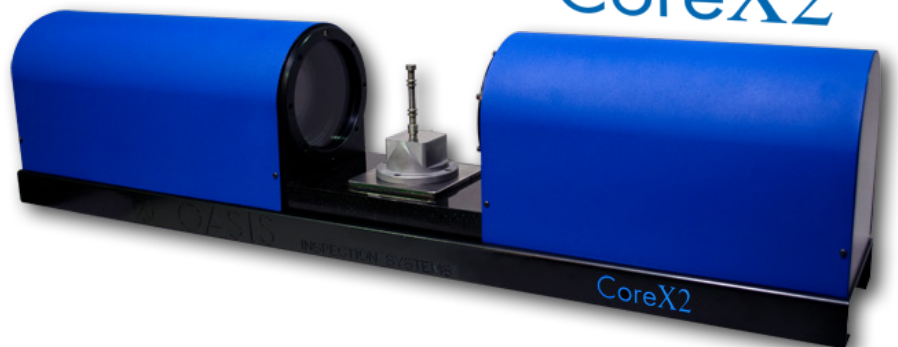

OACOREX215212096

Field of View: 3.25" x 2.60"

Measure & report parts **up to 6.5" in length**

Introducing the wider, taller, larger field of view,

CoreX2

OASIS
INSPECTION SYSTEMS

Speed, Accurate, Easy. Measure On.

Industry's fastest inspection system!

Reduce measurement time by measuring multiple dimensions instantly & simultaneously.

The OASIS Elite

- Continuous image acquisition
- Instant measurements
- Simultaneous measurement of multiple dimensions
- Accurate to +/- 0.0001 inches
- Precision optics
- User friendly full feature software
- Dimensions saved on the OASIS Elite
- Automatic inspection reporting
- Quality, robust construction
- Ready to inspect

\$27,900

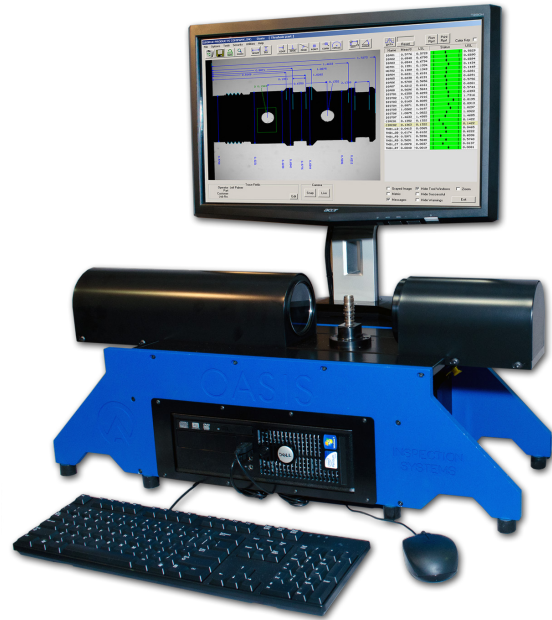

OAE15212024

Field of View: 0.84" x 0.68"

OAE15212048

Field of View: 1.70" x 1.40"

Accurate & precise premier optical inspection system with **fast, easy to use** operator interface

The OASIS Elite Dual

Two Fields of View, One Machine

- Accurate to +/- 0.0001 inches
- Simultaneous, instant measurement of multiple dimensions
- Continuous image acquisition
- Precision optics
- Dimensions saved on the OASIS
- Automatic inspection reporting
- User friendly full feature software
- Quality, robust construction
- Both units tilt to 90° for vertical operation

\$41,750

OAD152024/12048

Field of View: 0.84" x 0.68" / 1.70" x 1.40"
