3859- EASY-CUT XTREME TRIMETAL

MORE FORGIVING THAN A NORMAL CARBIDE BLADE,
USED IN THE SAME WAY AS A BI-METAL BLADE.

THE NEXT LEVEL AFTER BIMETAL!

4 MORE REASONS THAT WILL CONVINCe YOU

EXTREME WEAR RESISTANCE

For longer blade life. New set pattern gives bigger span in cutting width.

EXTREME HEAT RESISTANCE

For faster cutting and operational agility.

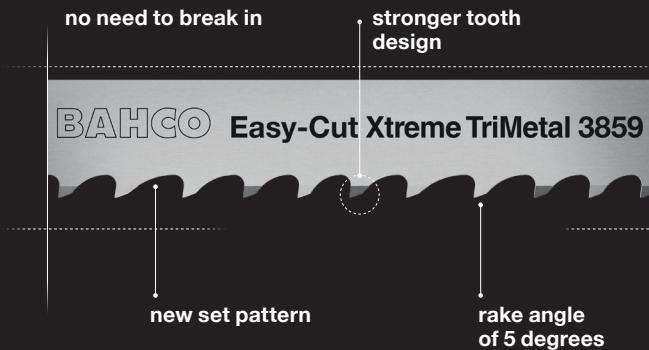

EXTREME EASE OF USE

No special feeds and speed, use in the same applications as Bimetal.

EXTREME COST SAVINGS

Lower cost per cut because of a higher cutting performance.

FEATURES

BENEFITS

- More forgiving than a normal carbide blade
- Greatly improved blade life that outperforms regular bimetal in most applications
- Reduce down time with lower number of blade changes
- Reduce blade inventory and carrying costs
- With Easy-Cut Xtreme blade you can cut faster whenever you need to do it
- NO break in – this product comes directly from our factory already honed with a patented edge preparation; our best multi-application out of the box product yet
- Works on a wide variety of materials including structural and mild steels, stainless steels, cast iron, high temperature alloys, and tool steels.
- Cut “easy to cut” materials and difficult materials with the same blade – no need to change blades
