

Tapmatic Product Line

RCT, CNC reversing tapping attachments. The fastest way to produce threaded holes on CNC machines.

By eliminating machine reversal, and speed variation, the RCT tools also improve tap life, reduce power consumption and energy costs, and eliminate reversal related wear to the machine.

Tapmatic Product Line

SynchroFlex®
Tap holders for synchronized tapping cycles. For tap sizes M1 to M48. With high pressure, high volume internal coolant system. SynchroFlex® compensates for the unavoidable discrepancy between machine synchronization and actual tap pitch, dramatically improving tap life and thread quality.

TAPMATIC

Tapmatic Product Line

**NC, SM, TA and TIC
Tension-Compression
tap holders for tapping
cycles that are not
synchronized and
conventional machines
without CNC control.**

TAPMATIC

Tapmatic Product Line

Rx, SPD, and X
Self-reversing
tapping attachments
for high productivity
on conventional drill
press and milling
machines.

Tapmatic Product Line

**ScribeWriter®
TapWriter® and
MH Marking Heads**
Three ways to mark the
work piece during the
machining process
eliminating secondary
marking operations.

**ScribeWriter® for
scribing the part.**

**TapWriter® for dot peen
marking.**

**MH Marking Head for
stamping the work piece.**

TAPMATIC

***Specializing In
Tapping Since 1952.
Metalworking
Professionals

CERTIFICATE

TUV USA Inc.

hereby certifies that

**Tapmatic Corporation
802 Clearwater Loop
Post Falls, ID 83854 USA**

has established and applies a quality system for

**The Design, Manufacture and Repair of Automatic Thread Tapping
& Part Marking Equipment used by the General Fabrication, CNC
and Conventional Machining Industries Internationally**

Proof has been furnished that the requirements according to

ISO 9001:2008
are fulfilled.

Further clarifications regarding the scope of this certificate and the applicability of
ISO 9001:2008 requirements may be obtained by consulting the organization.

Certificate Registration No.
14-1586

Effective: March 20, 2015

Expires: March 19, 2018

Date of issue: January 14, 2015
