# ENTERING A NEW LICENSE CODE

The CribSheet outlines the process for entering a new license code for both CribMaster 9 versions and CribMaster Classic

## Enter a New License Code for CribMaster 9 Versions

To enter a new license code, follow the steps below:

1. In CribMaster, click Help > Licensing...

#### 

### 2. Click New:

**IMPORTANT:** You must enter this license on the same computer that is running CM Agent. In the Enter License Code dialog box, the Hardware ID and the Server Hardware ID must match. If they do not, then that computer is not the one running CM Agent:
