

# ProLock™

## SCALABLE LOCKER SOLUTION

This access-controlled flexible locker solution allows you to manage the distribution of both consumable items and valuable assets such as returnable hand tools and power tools. The ProLock includes 24 individual lockers with configurable shelves so it can easily be customized on-site to two or three-door lockers to expand for larger items.

- Improve operational efficiencies
- Scalable solution
- Manage calibration schedules
- Manage serial ID's, kits, & expendables

# PROLOCK SPECS AND CONFIGURATION

ProLock locker solution is available in 24 and 12 door models. The ProLock is field configurable and can be a main or auxiliary unit.

- Each shelf holds 50lbs
- Keyless entry
- Simple touchscreen interface
- Power outage access
- Group doors for expanded locker sizes
