SECURA ▦ LOCKER

TRANSFORMING THE WAY INVENTORY IS DONE

Lockers Made the Securastock Way
….Simple, Smart, Secure

3 YEAR WARRANTY

LOCKER / ADD-ON LOCKER
Add-on Locker can be paired with this and every other SecuraStock product.

ECONOMICAL
Our lockers have a very low "vending cost-per- SKU," which delivers a strong ROI for distributors and savings for manufacturers. Dispensing consumables and durable goods from a single machine also saves you money.

A FASTER, EASIER SOLUTION
Badge in, scan a locker, scan item and go. Even easier, use SecuraStock App to open a locker remotely or from a phone. No need to waste time sifting through inventory on a computer screen.

A MORE SECURE LOCKER SYSTEM
Motion tracking cameras give SecuraLockers an extra layer of security; users can load up lockers with consumable items knowing they're protected against theft.

ASSET TRACKING IS A SNAP
Secure and track laptops, power tools, gauges and other high value items. Power is supplied to most lockers so electronics remain fully charged.
