TRANSFORMING THE WAY INVENTORY IS DONE

## Transform any Conex Container or Over The Road Trailer into a Secure, Automated Inventory Storeroom in a few hours.

**3**

**YEAR  
WARRANTY**

**SIMPLE** Converting a Conex container has never been easier and more efficient. Our SecuraPort is engineered to fit to every Conex Container without drilling into sides or roof. Simple, screw to the floor gate design, magnetic mounted cameras, plug and play cable attachments and you're up and running.

**SMART** Set up your storeroom quickly by using our easy bar code labeling off of any printer with our bins or your bins. Our powerful inventory management software makes reorders, cycle counts, returns, replenishment points and limits, nonstock requisitions, and much, much more quick and painless.

**SECURE** Fully controlled user authorization and management using electronic lock security with badge reader and keypad authentication. All transactions are recorded and assigned to a user, stamped with date and time through our software and motion sensing cameras.
