

SmartDrawer

PATENTED COMPARTMENT
LEVEL CONTROL WITH PICK
TO LIGHT TECHNOLOGY

SmartDrawer™ lids can be set to provide Absolute Control™ for single-item dispense and return, or part number level control for higher-density management. The choice is yours.

SmartDrawer can be a stand-alone unit or combined with other SupplyPro devices for a tailored dispensing solution. Not every drawer has to be “smart”, you can get started with just a few drawers.

Driven by SupplyPort™, the industry’s leading point-of-use data management software, SmartDrawer delivers the widest range of functionality in the market.

SMARTDRAWER IS SUPERIOR

- Easy User Interface — Pick-to-light with simple searching and item selection
- Individual lid control according to the business rules applied, such as whether the item is returnable or not, loan periods for check-in/check-out, automated lock-down, employee access, etc.
- Quick Pick Transactions — Lid level take and return buttons on standard & high density covers
- Full Usage Audit Trails — See item, who used it & where it was used
- Choose Access Control — individual item or part number
- Can be installed on new or retrofit onto existing cabinets
- Rapid Refill, exclusive to SupplyPro, makes restocking and administration simple and fast
- High capacity storage in a small footprint
- No repackaging
- Manage variety of applications and products with discreet rules & permissions
- Mix and match with other SupplyPro devices

Pick-to-light capabilities makes it simple to identify and access items
