

Tubing & Fittings

HIGH PRESSURE
POWER FOR EVERY PURPOSE

Quality HP tubing and fittings
Designed for **ultra high pressure**
Same day **shipping**

Ideally suited for
high pressure applications
up to 65,000 psi

Overview

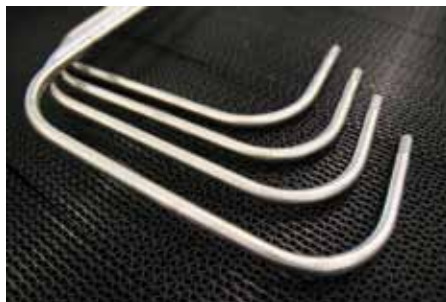

Implementation of the proper HP tubing and fittings allows for optimal performance of your waterjet cutting operation. AccuStream offers a complete line of HP tubing and fittings to suit your needs. Our extensive inventory of the HP tubing and fittings ensures AccuStream is able to ship the same day the order is placed.

In house process

Our in house manufacturing capabilities enable AccuStream to provide quick turn-a-round on custom high pressure tubing. The automated coning and threading machine produces near perfect threads, ensuring trouble-free HP connections. Custom bending to any specification is also available. Same day shipping is routinely accommodated!

Automated coning and threading operation
