

WOW WORKHOLDING

TOMBSTONE

Stop wasting time setting up your horizontal milling machine using angle plates .

Use a WOW Workholding Tombstone for your horizontal machining, you will reduce your setup time and improve your accuracy.

Competition is tough. Do not fall behind. We have a solution.

ADVANTAGES

- Reduce setup time
- Can mount to modular plate for accurate setups
- Works in conjunction with both our modular system and our Precision Rail Vice
- Can hold both big and small parts
- Setup multiple parts in various stages of completion on each face
- Clamp parts using M12 or M16 class stands for greater flexibility

We can help with your custom requirements. Talk to us about custom sizing to meet your specific application.
