This is

THE NEXT LEVEL.

As in next level performance, next level technology, next level predictability, next level pricing, next level promotion. You get the idea... YG-1 is offering all these with the market leading steel grade, YG3125 & YG3115. Revolutionary technology resulting in performance and predictability never previously seen.

And have you ever seen anyone offer all iC4 insert and smaller (yes, regardless of style, chip breaker, etc.) for \$5 ?! And for any iC5 or 6 insert, \$8? Of course not, but this is exactly what YG-1 is doing for this introductory promotion. You really owe it to yourself to jump on this once-in-a-lifetime promotion!

Valid through participating US distributors only. Some restrictions may apply.
